Very interesting

Interesting and informative AGM

Excellent all round

Very helpful having team from Fusion to answer questions

Gone very well as usual...good presentations.

Today's meeting very good

Good mix of the formal...elections...the update from Fusion and recollections

Very encouraging and many thanks to everyone who's made it all happen

Presentation was inspirational, surprisingly so ..as this is the first meeting of this kind I have attended I was rather taken aback and humbled by the level of enthusiasm shown by so many participants over this issue. It has inspired me to become involved...

Brilliant ideas all round for celebrations

Excellent. Thank you for all you are doing

A big thank you to everyone involved in making it possible to swim at the Lido this summer

Excellent AGM ...question and answer session very useful

I felt that the presentation was very detailed and interesting. This brought together some constructive ideas for the Lido and respected all those who gave ideas.

Enlightening for a casual user. Many questions answered re the developments.

Presentation was excellent

Good AGM. Friendly, lively and didn't drag on

Could have had a bit more from the new manager on future plans...very interesting to hear they might keep it open for longer
