

Here came the sun

April

& 9000 plunges rippled the pool as our sparkling azure water sped towards 20 degrees. (Herne Hill Forum website/BLU Twitter will keep you up to date on temperatures)

This un-showery month concluded triumphantly with the **Modern Movement** event: swimming and retro-design managed to co-exist together with a brass band, Flamenco dancers, fantasy bathing hats courtesy Miranda as BLU offered archive scrapbooks & conducted tours courtesy Peter Bradley & Linda Spashett.

May

is blossoming into **schools' visits** which will now include basic instruction from Lido Mike & activities on the history & architecture of the Lido. Schools not yet involved should contact ian.farlane@fusion-lifestyle.com

June

is not just for weddings: watch BLU/Fusion websites/reception for details of the cycle ride planned between **Parliament Fields' & Brockwell Lidos** on **26th** + free swims either end (you'll need them!)

Watch out too for **Scuba taster** sessions and courses for adults and kids – details to come

July

is high summer; don't miss the **Lambeth Country Show** on **16th & 17th** – BLU stand will be among community groups in the park as usual with tombola (including season tickets & other Lido goodies), BLU merchandise & information

Also at the Country Show Fusion will have activities around the Lido with a pre-Olympic Greek theme leading to an **Olympic Weekend** on **23rd & 24th** – picnic in the park, junior Olympics taster classes in the Lido and chances for a free swim. There may be a family triathlon too

September

there might be a party – **this being BLU's 10th Birthday** - celebratory ideas welcome

If winter comes, as come it will

there may be regular winter swimming – please confirm your interest and complete the survey on BLU website/at reception/in the Cafe

Not a sparrow falls

Stop press! Baby ducks rescued from Lido and taken to quieter watering hole elsewhere...
